GENERAL WARRANTY

The Marvel-Schebler/Tillotson Division of Borg-Warner Corporation warrants each article manufactured by it to be free from defect in material and workmanship under normal use for the purpose for which it is intended. This Warranty shall not cover any article which has been misused or neglected, operated with exotic fuel, or damaged by accident; any article which has been altered outside the Company's factory so as, in its judgment, to impair its ability to function; or the performance of any engine or equipment on or in which any article of the Company's manufacture is used.

The obligation of the Company under this Warranty is limited to the repair or replacement, at its factory, of any defective article or part thereof which may be returned to the factory, transportation charges prepaid, within 60 days as to Power Chain Saw carburetors and 90 days as to other articles, after delivery to the original user. The Company shall be the sole judge of the existence of any defect in the article so returned. No claim for charges incurred in the removal, disassembly or reinstallation of such article will be allowed. Repairs at the Company's factory to an article which, in its judgment, was free from defect, or one which is received after the warranty period, will be made and parts will be supplied at the Company's prevailing rates of charges therefor.

The Company reserves the right to incorporate any change in design, or substitute a superseding model.

The Company shall in no event be liable for consequential damage or contingent liability arising out of any total or partial failure to function of any article manufactured by it or of any engine or equipment on or in which it is used.

No express, implied or statutory warranty other than that herein set forth is made or authorized to be made by the Company.

Tillotson Carburetors
